

# GRADUATION PROJECT RESEARCH TOPIC PROPOSAL

Name: Will Greene English Teacher/Block: Ms. Ruckett / 4<sup>th</sup>  
(print)

## RESEARCH TOPIC INFORMATION

Graduation Project Question (big idea):

Does the government provide sufficient funds to families who need food?

I will need to answer these questions to determine the answer to my GP Question (small ideas):

In what ways does the government provide opportunities for the poor to obtain food? Are these ways effective enough? Do these techniques provide opportunity to all levels of poverty

My rationale for choosing this topic:

In my opinion, it is an important topic because it deals with the lives of the needy.

This topic will be a learning stretch for me because:

I will have to research the multiple ways that the government provides funds to families who need food, and I will have to determine if I think what they do is enough.

## PRODUCT INFORMATION

Detailed description of potential Product

(location, expenses, materials needed, community involvement, reason for choosing this product):

location: Clayton; expenses: little to none; materials:

flyers, ads; community involvement: possible food drive

for CAM ministries, possible "gleaning" activity

which picking of crops after being plowed and donating

them to the poor; reason for choosing this product:

I can make a difference by bringing awareness to hunger and

engaging citizens into supporting this effort.

## PARENT STATEMENT

**Parent/Guardian:** Please describe why you think the Research Topic your son or daughter has chosen is appropriate for him or her. What does he or she already know about the topic? How will this research build on or create new knowledge for your child?

I believe that Will has chosen a topic that is appropriate for him, because he has not researched or served in any food or needs-based capacities at school or church. I believe that it will be valuable for him to gain insight into how our national and local govt. meet or lack meeting our country's/town's hunger needs. I am not aware of Will having any knowledge of this topic prior to starting his research efforts. I am hopeful that this project will help Will understand that he can help to make a difference in his community by raising awareness and engaging the help of others to meet hunger needs.
